**ASSISTANT MANAGER, MAINTENANCE AND ENGINEERING SERVICES
COMPETITION #1804
Regular Full-Time (Exempt)**

The North Vancouver Recreation & Culture Commission is dedicated to building healthy individuals, families and communities. The Commission offers a wide range of recreation and cultural programs and services to residents of all ages. This position offers the right person the opportunity to be part of an innovative staff team that makes a true difference in the lives of North Vancouver residents.

We have a fantastic career opportunity for an engineering professional with knowledge of buildings and building systems and a commitment to customer experience. You are a strong leader, good team player and great coach of people. You are also an effective and efficient project manager with the ability to assess operational situations and find solutions. This position is a development opportunity with the potential for future growth within the organization.

As a member of the management team and reporting to the Manager, Maintenance and Engineering Services, you will be responsible for ensuring that the Commission's buildings, building systems, grounds, equipment and fleet meet the needs of our patrons and staff. You will supervise and support the work of the Superintendents of Maintenance, Building Services and Capital Projects, and assist the Manager with the development of new infrastructure and assets. You will develop operating and capital budgets; oversee the procurement of contractors and consultants; participate in long range planning and asset management; oversee regulatory matters; provide leadership in health and safety; and review and improve systems that support the delivery of the division's services. You keep yourself current on trends so that you can address the needs of the Commission proactively.

Your qualifications include a Professional Engineering (P.Eng.) designation and a minimum of five years of proven and progressive leadership experience in the maintenance and renewal of building and building systems OR an equivalent combination of education and experience. Significant experience in the field of building technology and construction management, as well as other relevant certifications (e.g. PMP, LEED AP), are assets. You hold a BC Driver's License.

Closing Date: November 28, 2018

Apply Online at: www.nvrc.ca/employment - Competition #1804

We thank you for your interest in employment with North Vancouver Recreation & Culture and advise that only those selected for an interview will be contacted.
