

DIRECTOR, FACILITIES MANAGEMENT

VANCOUVER COMMUNITY COLLEGE

ORGANIZATION

VCC is a dynamic organization known for its forward-thinking and responsive approach to education and training. For more than 50 years, VCC has played a key role in helping industry in some of BC's most important sectors meet its needs for highly skilled employees; our graduate placement rates are among the highest in the province. We invite you to be part of that success. We offer a progressive work environment, a collaborative culture and a competitive compensation and benefits package.

POSITION SUMMARY

The Director of Facilities represents VCC's Facility Department in all aspects of facilities management. The position is responsible for providing leadership, management and operational oversight of all aspects of Facilities operations at VCC's three campuses including facilities maintenance operations, custodial services, energy and utility management, capital project planning, construction contract management, budgeting, financial reporting and staff development.

The Director works collaboratively with a wide range of internal and external constituents to develop long and short range plans to integrate VCC facilities with VCC academic programming. Prioritizes maintenance projects and campus infrastructure upgrades to ensure a safe, efficient environment for students, faculty and administrators.

The Director must exercise a wide latitude of independent judgement to perform work described above. The position requires skills and experience in asset management, business management, technical building systems, construction management, safety, security and risk management.
