- An introduction to FM
- Managing, advancing and evaluating the business of FM
- Enable course participants to determine their degree of knowledge in each of the nine competency areas.

The course concludes with a group case study experience

## **The FMP Designation**

This course will go towards achieving your FMP. IFMA's Facility Management Professional (FMP) designation is a knowledge-based credential demonstrating a proven comprehension of the basics of facility management. A springboard for obtaining certification, the FMP designation will help to accelerate an FM's transition into the profession. By completing the FMP, you will have successfully pursued the educational curriculum necessary to obtain the designation, building your skills, and broadening your knowledge and professional networks. Pursuing an educational and skill-building program such as the FMP shows great dedication to advancing your proficiency and value to your organization.
